NYC BLAC FOR CENSUS 2020:

Black Activist Summit

Wednesday, December 18, 2019 6-8 pm

**All Souls Episcopal Church
88 St. Nicholas Avenue, (114th Street), Harlem**

Each year, the federal government uses census count data to determine how to spend nearly \$800 billion dollars.

Your community's census count data determines how much you will receive for SNAP/WIC, nurses, doctors, housing, teachers, bus and train lines, senior services, infants and youth services, climate, emergency care, and more. It also determines how many elected officials will be assigned to your district.

Census Justice is a Racial Justice Issue
